Trey Jackson Jr. is a successful trial attorney. He lives a charmed life as a Yale graduate, married to the girl of his dreams with a son on the way. After he provides reluctant legal help to a gang member, however, fate brings him to the attention of Jimmy. Jimmy is not a man to trifle with. He is the leader of a violent biker gang located outside of Asheville, North Carolina, known as the Dreadnaughts. The Dreadnaughts are in need of legal counsel, and Trey is their man-whether he likes it or not. Soon, Trey is surrounded on all sides by danger and possible death. The deeper he goes into Dreadnaught territory, the more events spiral out of control, his dream life unraveling as he tries to extricate himself from serving the gang. Trapped, Trey is desperate to escape, but how will he bring Jimmy down without inciting the wrath of the entire motorcycle gang? Worse yet, there seems to be something else lurking behind the gang's activity-something powerful and possibly supernatural.

Egypt, 1320 BC. The future of Egypt lies in the hands of chief detective Rahotep when he undertakes a clandestine mission across enemy empires and rogue states to deliver a top-secret letter written by the Queen to her arch-enemy, the King of the Hittites. It is a mission from which Rahotep may not return.

Inspector Michael Ohayon of the Jerusalem police must deal with profound ethical questions when he investigates the murder of a celebrated poet and professor of literature at the Hebrew University. 12,500 first printing.

From award-winning and internationally acclaimed author, Batya Gur, comes this riveting mystery in which a shocking double murder at Israel's top academic institution brings Superintendent Michael Ohayon to the scene to probe the nature of creativity and unravel the mystery. In investigating the deaths of a professor of literature and his junior colleague, Superintendent Michael Ohayon raises profound ethical questions about the relationship between the artist and his creation, and between the artist and a moral code. It brings him into contact with the academic elite and reveals the social problems and differing perspectives of Israel's various classes. Known as “the Israeli Agatha Christie, Batya Gur’s The Literary Murder is a clever, compelling, and suspenseful mystery that will leave readers entertained up until the final, harrowing conclusion.

It is a close study of four novels by Boris Vian. It aims to show how L'Ecume des jours, L'Automne a Pekin, L'Herbe rouge and L'Arrache-coeur form a unified and coherent tetralogy. By establishing close links between these four texts, it becomes possible to achieve a more comprehensive understanding, not only of the significance of the tetralogy in exposing a complex and multi-layered novelistic strategy at the heart of the vianesque, but of the individual novels as autonomous creations. An examination of the novels reveals that they are not merely joined to one another via a superficial network of textual similarities (that which I refer to as intratextuality), but that this intertwining is emblematic of a common method of narrative construction. Each Vian novel is dependent, for a thorough understanding of the text to be possible, upon the multiple lines of external influence running through it. The sources of this influence (which I refer to as intertextuality) are located in various major texts of twentieth century literature, anglophone as well as francophone. Thus, in each instance the narrative is driven by a complicated interaction of intratextuality and intertextuality."

With tension as taut as strings on a cello, the fourth Michael Ohayon mystery from “Israel’s Agatha Christie,” in which the police officer must solve the murder of two musicians, is “pure reading pleasure” (New York Times). After his cellist friend’s father and brother—who are also well-known musicians—are brutally murdered, Chief Superintendent Michael Ohayon, a classical music aficionado, sets out to solve the crime. From the opening pages, where the detective plays a compact disc of Brahm’s First Symphony, to the newly discovered music for an unknown Vivaldi requiem that provides a rock-solid motive for the crime, lovers of crime novels, as well as music, will thrill to every dulcet note.

The series Topics in Current Chemistry Collections presents critical reviews from the journal Topics in Current Chemistry organized in topical volumes. The scope of coverage is all areas of chemical science including the interfaces with related disciplines such as biology, medicine and materials science. The goal of each thematic volume is to give the non-specialist reader, whether in academia or industry, a comprehensive insight into an area where new research is emerging which is of interest to a larger scientific audience. Each review within the volume critically surveys one aspect of that topic and places it within the context of the volume as a whole. The most significant developments of the last 5 to 10 years are presented using selected examples to illustrate the principles discussed. The coverage is not intended to be an exhaustive summary of the field or include large quantities of data, but should rather be conceptual, concentrating on the methodological thinking that will allow the non-specialist reader to understand the information presented. Contributions also offer an outlook on potential future developments in the field. The chapter "DNA-Programmed Chemical Synthesis of Polymers and Inorganic Nanomaterials" is available open access under a CC BY 4.0 License via link.springer.com.

This highly readable book provides a comprehensive examination of the use of Open Dialogue as a treatment for psychosis. It presents the basic principles and practice of Open Dialogue, explains the training needed to practice and explores how it is being developed internationally. Open Dialogue for Psychosis includes first-hand accounts of the process by people receiving services due to having psychotic experiences, their family members and professionals who work with them. It explains how aspects of Open Dialogue have been introduced in services around the world, its overlap with and differentiation from other psychological approaches and its potential integration with biological and pharmacological considerations. The book concludes with a substantive section on the research available and its limitations. Open Dialogue for Psychosis will be a key text for clinicians and administrators interested in this unique approach, particularly those who recognise that services need to change for the better and are seeking guidance on how this can be achieved. It will also be suitable for people who have experienced psychosis and members of their families and networks.

It's been one year since all the adults disappeared. Gone. Despite the hunger, despite the lies, even despite the plague, the kids of Perdido Beach are determined to survive. Creeping into the tenuous new world they've built, though, is the worst incarnation yet of the enemy known as the Darkness: fear. Within the FAYZ, life breaks down while the Darkness takes over—turning the dome-world of the FAYZ entirely black. A will to survive and a desire to take care of those they love endure in this ravaged band, even in the bleakest moments. But in darkness, the worst fears of all emerge, and the cruelest of intentions are carried out. After so many months, is all about to be lost in the FAYZ?

Book I in the Award-Winning Jerusalem Trilogy B.R.A.G. Medallion Honoree, Historical Novel Society Editor's Choice Hollywood made him a blacksmith; Arab chronicles said he was "like a king." He served a leper, but defied Richard the Lionheart. He was a warrior and a diplomat both. This is the first book of a three-part biography of the historical Balian d'Ibelin.

Eight years after they overthrew Churchill and led Britain into a separate peace with Hitler, the upper-crust families of the “Farthing set” are gathered for a weekend retreat. Among them is estranged Farthing scion Lucy Kahn, who can't understand why her and her husband David's presence was so forcefully requested. Then the country-house idyll is interrupted when the eminent Sir James Thirkie is found murdered - with a yellow Star of David pinned to his chest. Lucy begins to realize that her Jewish husband is about to be framed for the crime - an outcome that would be convenient for altogether too many of the various political machinations underway in Parliament in the coming week. But whoever's behind the murder, and the frame-up, didn't reckon on the principal investigator from Scotland Yard being a man with very private reasons for sympathizing with outcasts and underdogs - and prone to look beyond the obvious as a result. As the trap slowly shuts on Lucy and David, they begin to see a way out - a way fraught with peril in a darkening world.

Michael Ohayon investigates a delicate murder case--the secretary of a kibbutz has been poisoned, and Ohayon must expose the deepest secrets of an egalitarian society

The first in a fresh new literary crime series featuring Israeli detective Avraham Avraham-an international sensation and finalist for the CWA International Dagger Award Sixteen-year-old Ofer left his home in the suburbs of Tel Aviv for school one morning and disappeared without a trace. Police detective Avraham Avraham takes on the case, a seemingly routine investigation that soon spins out of control, taking over his life. It seems that the more he finds out about the boy and his background, the further he gets from the truth. Ofer's older neighbour and schoolteacher Zeev Avni has some information but gradually becomes one of the main suspects. Will the neighbour's strange story save the investigation before it's too late? Told from the perspectives of both men, The Missing File is an adept and suspenseful mystery and a rare Israeli crime novel. D. A. Mishani portrays an outstanding picture of suburban life and tensions in Israel. He has created in Avraham Avraham an unforgettable character, both extraordinary in his work but common in his abilities. The Missing File is a true page-turner whose unexpected resolution forces readers to question all they have taken for granted about innocence, guilt and the ways in which truth evades us.

In Imagining the Kibbutz, Ranen Omer-Sherman explores the literary and cinematic representations of the socialist experiment that became history’s most successfully sustained communal enterprise. Inspired in part by the kibbutz movement’s recent commemoration of its centennial, this study responds to a significant gap in scholarship. Numerous sociological and economic studies have appeared, but no book-length study has ever addressed the tremendous range of critically imaginative portrayals of the kibbutz. This diachronic study addresses novels, short fiction, memoirs, and cinematic portrayals of the kibbutz by both kibbutz “insiders” (including those born and raised there, as well as those who joined the kibbutz as immigrants or migrants from the city) and “outsiders.” For these artists, the kibbutz is a crucial microcosm for understanding Israeli values and identity. The central drama explored in their works is the monumental tension between the individual and the collective, between individual aspiration and ideological rigor, between self-sacrifice and self-fulfillment. Portraying kibbutz life honestly demands retaining at least two oppositional things in mind at once—the absolute necessity of euphoric dreaming and the mellowing inevitability of disillusionment. As such, these artists’ imaginative witnessing of the fraught relation between the collective and the citizen-soldier is the story of Israel itself.

The civilization of Egypt, and of Africa in general, is the most written about and the least understood of all known subjects. This is not an accident of an error in misunderstanding the available information.

On a blooming May morning, five bodies of a single religious family are found in their apartment, in the quiet suburb of Givat Shmuel (Shmuel's Hill). Detective Hadas Levinger, a daughter of a religious family who renegaded and turned atheist, is put in charge of the police investigation. Slowly and skillfully she peels the shells protecting this unique community and reveals hard to digest secrets.

The Unquiet Dead author Ausma Zehanat Khan once again dazzles in The Language of Secrets, a brilliant mystery woven into a profound and intimate story of humanity. Detective Esa Khattak heads up Canada's Community Policing Section, which handles minority-sensitive cases across all levels of law enforcement. Khattak is still under scrutiny for his last case, so he's surprised when INSET, Canada's national security team, calls him in on another politically sensitive issue. For months, INSET has been investigating a local terrorist cell which is planning an attack on New Year's Day. INSET had an informant, Mohsin Dar, undercover inside the cell. But now, just weeks before the attack, Mohsin has been murdered at the group's training camp deep in the woods. INSET wants Khattak to give the appearance of investigating Mohsin's death, and then to bury the lead. They can't risk exposing their operation, or Mohsin's role in it. But Khattak used to know Mohsin, and he knows he can't just let this murder slide. So Khattak sends his partner, Detective Rachel Getry, undercover into the unsuspecting mosque which houses the terrorist cell. As Rachel tentatively reaches out into the unfamiliar world of Islam, and begins developing relationships with the people of the mosque and the terrorist cell within it, the potential reasons for Mohsin's murder only seem to multiply, from the political and ideological to the intensely personal.

Soul-shattering and profound detective novel from the international award-winning sensation WHAT YOU DON'T KNOW CAN NEVER HURT YOU THE UNKNOWN Mazal Bengtson doesn't know what her husband was doing on the night of the storm. Inspector Avraham Avraham doesn't know how to begin his first murder case. THE KNOWN What they do both know is something of the victim's past that holds the key to understanding not just the murder, but stranger, more disturbing events. THE UNKNOWABLE For the things that happen in a long marriage, under strain may not always be against the law. Desperate to solve a terrible death, Avraham cannot mend what he cannot know.

The sixth and final novel from beloved and critically-acclaimed Israeli crime novelist Batya Gur—a stunning tale of a beautiful and secretive woman's murder, set against the politically charged backdrop of the Israeli media Acclaimed Israeli director Benny Meyuhas' film production of the heartbreaking work "Iddo and Eynan" promises to be a landmark of Israeli film—until his wife and the films' set designer Tirzah Rubin is crushed under a set piece, stalling the production indefinitely. But more shocking is what comes to light in the investigation—that Tirzah's storybook life wasn't at all what it seemed, and that her death may have been part of a larger network of social and political unrest. The brooding Chief Superintendent Michael Ohayon has spent his career surrounded by horrific crimes, but perhaps none most deeply disturbs him than Tirzah's murder, its strange connection to Israeli labor disputes and religious corruption shaking him to the core. The crowning achievement to a magnificent career, this final installment in the Michael Ohayon series is a wonderful parting gift from the incomparable Batya Gur—one last fascinating visit to an always tumultuous land, in the company of a detective the author and her devoted readers have loved so well.

'I'm fascinated by Africa and now I really want to visit Botswana. Through this book, I've come to love the people there, and fall totally for the main character' Louise Penny, New York Times bestselling author of the Chief Inspector Gamache novels A stunning crime novel set against a backdrop of poachers, witch doctors, diamond smugglers and corruption. They find the first body near a waterhole considered magical by the local bush people. A string of clues suggests that the victim was murdered and his identity hidden. For Assistant Superintendent David Kubu Bengu, it's obvious from the start that sinister forces are at work. A convivial figure on the surface, Kubu is a clever and resourceful lawman, well-versed in Botswana's deadliest secrets. As he follows a blood-soaked trail he uncovers a chain of crimes linked to the most powerful figures in the country -influential enemies who will stop at nothing to remove those who stand in their way... 'A Carrion Death is that perfect combination of "I don't want it to end" and "I can't put it down". From acclaimed Israeli author Batya Gur, the fifth installment in the Michael Ohayon mystery series set in a politically charged Arab quarter south of West Jerusalem The body of a young woman with her face smashed in is discovered in the attic of a house on Bethlehem Street, in the Baka neighborhood of Jerusalem. Chief Superintendent Michael Ohayon is called to the scene of the crime where, beyond the usual horror, an old love and an unfinished romance await him. As in her previous novels, Batya Gur has spun a complex and fascinating murder investigation that serves as a means for entering a closed world with rules and a logic of its own. But here, the closed world is a Jerusalem neighborhood that enfolds the entire Israeli experience in miniature. Gur wonderfully draws the fissures in this complex world and makes it, like the murder investigation, worthy of further examination. The criminal investigation is set against the background of tensions between Ashkenazis and Mizrahis, hostility between Jews and Arabs, the affair of the kidnapped Yemenite children of the 1950s, and the al Aqsa Intifada in 2000.

"[A] vivid and lively account of those hectic and historic three days...The best fly-on-the-wall account, tantamount to having had a backstage pass to an iconic event." —New York Post The Woodstock music festival of 1969 is an American cultural touchstone, and no book captures the sights, sounds, and behind-the-scenes machinations of the historic gathering better than Michael Lang's New York Times bestseller, The Road to Woodstock. USA Today calls this fascinating, entertaining, and blissfully nostalgic look back, "Invaluable." In The Road to Woodstock, Michael Lang recaptures the magic for the generation that was there...and for the generations that followed.

Yashim is no ordinary detective. It's not that he's particularly brave. Or that he cooks so well, or reads French novels. Not even that his best friend is the Ambassador from Poland, whose country has vanished from the map. Yashim is a eunuch. As the Sultan plans a series of radical reforms to his empire, a concubine is strangled in the palace harem. And a young cadet is found butchered in the streets of Istanbul. Delving deep into the city's crooked alleyways, and deeper still into its tumultuous past, Yashim discovers that some people will go to any lengths to preserve the traditions of the Ottoman Empire. Brilliantly evoking Istanbul in the 1830s, *The Ottoman Detective* is a fast-paced literary thriller with a spectacular cast, from mystic orders and lissom archivists to soup-makers and a seductive ambassador's wife. Darker than any of these is the mysterious figure who controls the Sultan's harem.

When you peak at fifteen, where can things go but downhill? Former teen pop sensation Heather Wells has hit rock bottom. When Heather finds a job in a New York college dorm things seem to start looking up... at least until girls in the dorm begin to perish at an alarming rate.

K is for Killer is the eleventh in the Kinsey Millhone mystery series by Sue Grafton. Lorna Kepler was beautiful and wilful, a loner who couldn't resist flirting with danger. She has also been found dead in mysterious circumstances and her death pulls Kinsey Millhone into a netherworld of deception, betrayal and unavenged murder . . .

What if justice isn't enough? Schalk Lourens got out his phone and started filming, something Pieterse taught him years ago. Keep a record. Do it yourself, boykie, every time. That way you can be sure. Cover your arse. Don't trust any of them. Schalk began with Pieterse himself, what was left of him. Cape Town, South Africa. Retired police chief Piet Pieterse has been murdered, necklaced in fact. A tyre placed round his neck, doused with petrol, set alight. An execution from the apartheid era and one generally confined to collaborators. Who would target Pieterse this way, and why now?Veteran copy Schalk Lourens is trying to forget the past. But Pieterse was his old boss and when Schalk is put on the case, he finds the past has a way of infecting the present.Meanwhile, it's an election year. People are pinning their hopes on charismatic ANC candidate Gideon Radebe but there's opposition and in this volatile country, unrest is never far from the surface.Schalk must tread a difficult path between the new regime and the old, between the personal and the professional, between justice and revenge.This investigation will change his life, and could alter his county's future. "A truly remarkable book. South Africa comes to vivid life in these pages." - Kerry Gteenwood "A gripping story of murder, revenge and betrayal set in the new South Africa." - Malla Nunn

In this mystery from an Edgar Award-winning author, sleuth Peter Duluth steps in when his rebellious nephew is charged with murder. Patrick Quentin, best known for the Peter Duluth puzzle mysteries, also penned outstanding detective novels from the 1930s through the 1960s under other pseudonyms, including Q. Patrick and Jonathan Stagge. Anthony Boucher wrote: "Quentin is particularly noted for the enviable polish and grace which make him one of the leading American fabricants of the murderous comedy of manners; but this surface smoothness conceals intricate and meticulous plot construction as faultless as that of Agatha Christie." Jake Duluth is a man alone. Three years after the suicide of his beloved wife, the wall between Jake and his son, Bill, has only grown higher. Bill's constant impulsiveness has driven Jake to distraction, while Jake's constant concern for his publishing business alienates Bill even more. But when Bill is accused of murdering Jake's business partner after falling in love with the man's much younger wife, Jake has no choice but to believe his son and call in someone with much more experience in such sinister matters-his brother, Peter. Now, with Bill's life at stake, Jake and Peter must follow a trail of secrets and twisted loyalties if they are going to uncover a culprit neither could have ever imagined.

'A dark and haunting thriller. It creeps under your skin and doesn't let you go' Paula Hawkins, author of *The Girl on the Train* What's the worst thing your best friend could do to you? Admittedly, it wasn't murder. A moment's carelessness, a tragic accident - and two children are dead. Yours. Living in a small island community, you can't escape the woman who destroyed your life. Each chance encounter is an agonizing reminder of what you've lost - your family, your future, your sanity. How long before revenge becomes irresistible? With no reason to go on living, why shouldn't you turn your darkest thoughts into deeds? So now, what's the worst thing you can do to your best friend?

A shady pottery collector is murdered in sunny New Mexico in this mystery in a "winning series" (Susan Wittig Albert). Maybe it was the chance to make an easy \$2,500. Or maybe it was the opportunity to examine a treasure trove of Anasazi pots-or maybe it was just a slow day at the antiques shop that convinced Hubie Schuze to agree to a strange proposition. A reclusive collector wants a confidential appraisal, with one catch: Hubie must be blindfolded and driven to an unknown location by a chauffeur. Sure, it's an odd setup, but what could possibly go wrong? Hubie's nonchalance fades fast when he finds three replicas among the genuine antiquities. Worse, after returning home, he can't seem to find the \$2,500 cash that the collector gave him. Incensed at the rip-off, Hubie is determined to recoup the money, but Detective Whit Fletcher interrupts his scheme, dragging him instead to the morgue to identify a John Doe. When the sheet is pulled back, Hubie is shocked to see the body of the unknown art collector. Hubie is not a suspect-yet. But the longer he pursues this mystery, the more tangled he will become in the dead man's shadowy life. The Pot Thief Who Studied Einstein is the 3th book in the Pot Thief Mysteries, but you may enjoy reading the series in any order.

Any discussion of Japanese contemporary art inevitably leads to the pop-culture fantasies of Takashi Murakami, Yoshitomo Nara and the other artists of the Superflat movement. But Japan as a whole has changed dramatically after stumbling through a series of economic, social and ecological crises since the collapse of its "bubble" economy in the early 1990s. How did Murakami, Nara and Superflat become the dominant artistic vision of the Japan of today? What lies behind their imagery of a childish and decadent society unable to face up to reality? Written by a sociologist with an eye for sharp observation and clear reportage, *Before and After Superflat* offers the first comprehensive history in English of the Japanese art world from 1990 up to the tsunami of March 2011, and its struggle to find a voice amidst Japan's economic decline and China's economic ascent.

Experiences of hearing the voice of God (or angels, demons, or other spiritual beings) have generally been understood either as religious experiences or else as a feature of mental illness. Some critics of traditional religious faith have dismissed the visions and voices attributed to biblical characters and saints as evidence of mental disorder. However, it is now known that many ordinary people, with no other evidence of mental disorder, also hear voices and that these voices not infrequently include spiritual or religious content. Psychological and interdisciplinary research has shed a revealing light on these experiences in recent years, so that we now know much more about the phenomenon of "hearing voices" than ever before. The present work considers biblical, historical, and scientific accounts of spiritual and mystical experiences of voice hearing in the Christian tradition in order to explore how some voices may be understood theologically as revelatory. It is proposed that in the incarnation, Christian faith finds both an understanding of what it is to be fully human (a theological anthropology), and God's perfect self-disclosure (revelation). Within such an understanding, revelatory voices represent a key point of interpersonal encounter between human beings and God.

Tibbett takes to the slopes. "A good who-did-do-it mystery, a Swiss ski resort setting, vigorous, professional writing. For a long winter evening: ideal." -The Times If I were Scotland Yard, I might be that put-out with Henry Tibbett: He seems never to stay in England for more than about ten minutes, and he's always taking vacations! This time around, he and the ever-pleasant Emmy are holidaying in the Alps when a popular ski instructor gets it in the neck. Everybody in town is eager to point a finger-typically at the victim's wife, who is widely assumed to have had enough of his philandering. But Henry isn't sure, and sure enough, he is soon to be found poking his British bulldog's nose into a decidedly French scandale, turning up dirt on some of the swankiest swells on the mountain. Praise for Patricia Moyes "The author who put the 'who' back in whodunit." -Chicago Daily News "A new queen of crime . . . her name can be mentioned in the same breath as Agatha Christie and Ngaio Marsh." -Daily Herald "An excellent detective novel in the best British tradition. Superbly handled." -Columbus Dispatch "Intricate plots, ingenious murders, and skillfully drawn, often hilarious, characters distinguish Patricia Moyes' writing." -Mystery Scene
