Over seven chapters the book shows how international communication has been shaped by the structure of international political power and how these means of global communication

Download Free International Express

have in turn been strategic tools for the exercise of international political power.

There are separate chapters on global news flows, the international trade in cultural

Download Free International Express

products (films, books, advertising, recorded music, periodicals and books), and government propaganda activities. The politics of the International Telecommunication

learners, with regular review units, Workbook, Student's Cassette and Audio CD.; Integrated Pocket Book with grammar summaries, social phrases, and other key information for quick reference.

New, interactive editions of the best-selling course for adult

Download Free International Express

professional learners.

This book examines the economics of the postal sector through three lenses: snapshot and trends, models, and opportunities. In the years to come, the Universal Postal Union plans to develop its role as a knowledge centre for the postal sector from these

Download Free International Express

perspectives. At this time of radical transformation of the postal sector, it is important to understand how the sector has evolved historically, how it is connected with the economic system, and where it is heading. This book thus first presents a long-run

Download Free International Express

view, focusing on incumbent operators over the last three decades, and then describes their development in the last five to ten years. It also offers a real-time picture based on daily “ big postal data ” , revealing one of the greatest opportunities for the sector in terms

Download Free International Express

of forecasting and
product design.
