Help students to apply their mathematical skills in real-life contexts, as they learn and develop through Teelay's fun and accessible approach to SQA National 4 Applications of Maths. This book provides hundreds of practice questions, with progression and consolidation - the core Teelay philosophy - underpinning every exercise and chapter. > Contains three consolidation assessments at the end of each study area > Starts with a Chapter Zero that revises the relevant strands from Second Level > Each chapter ends with an assessment exercise > Includes two Added Value Practice Assessments at the end of the book > Answers for all questions are in the back of the book. Answers for the end-of-study area and end-of-chapter assessments and Added Value Practice Assessments are available at hoddergibson.co.uk/answers-teelay-maths-n4-apps

Exam Board: SQA Level: National 5 Subject: Mathematics First Teaching: September 2017 First Exam: Summer 2018 National 5 Maths Second Edition offers updated, rearranged and complete coverage of the SQA syllabus for the examination of the same name from 2017/18 onwards. - Provides thorough preparation for the exam, as revised for the updated syllabus. - Covers all the topics necessary for the revised examination. - Offers a suggested approach through all five sections (Number, Algebra, Geometry, Trigonometry and Statistics), flexibly structured so that teachers and students are also free to select alternative routes to suit individual needs. - Organised content makes it easy to plan, manage and monitor progress. - Each chapter consists of >Practice Exercises that are graded to build confidence >Key Points that summarise key points and skills >Review Exercise that provides the opportunity to consolidate topics introduced in the chapter - Includes Revision Exercises, for non-calculator and calculator papers, provide opportunities to consolidate skills acquired during the course. - Exam Practice provides further questions in preparation for the extended examination(s) of the revised syllabus.

Help students to apply their mathematical skills in real-life contexts, as they learn and develop through Teelay's fun and accessible approach to SQA National 4 Applications of Maths. This book provides hundreds of practice questions, with progression and consolidation - the core Teelay philosophy - underpinning every exercise and chapter. br * Contains three freestanding study areas covering Numeracy, Geometry & Measure and Finance & Statistics

Exam Board: SQA Level: Fourth Level Subject: Maths First Teaching: 2015, First Exam: 2016 The CIE Maths series covers all the Experiences and Outcomes within the Scottish Curriculum for Excellence for Maths at Second, Third and Fourth Levels. Separate pupil books at each level offer a flexible pathway through the curriculum. * packed with activities aligned to the Outcomes and Experiences within the CIE * a wide range of differentiated practice questions and problem-solving activities * improves the transfer of knowledge and skills from the classroom to real-life contexts * highlights potential cross-curricular links

Help students to apply their mathematical skills in real-life contexts, as they learn and develop through Teelay's fun and accessible approach to SQA National 4 Applications of Maths. This book provides hundreds of practice questions, with progression and consolidation - the core Teelay philosophy - underpinning every exercise and chapter.

This book can help your child by providing a whole year of ready to go activities and support on key Mathematics topics which will be being taught in school from 2014. Did you know that your child in Year 1 will now need to; count up 100 forwards and backwards from any given number; count in 2s, 5s and 10s; know maths facts up to 20? * Workbooks for home learning * Linked directly to what your children will be learning in school * A linked website provides additional activities, answers and support for parents * Developed by teachers to ensure the best possible support for the new 2014 National Curriculum.

Teach lessons that suit the individual needs of your classroom with this SQA endorsed and flexibly structured resource that provides a suggested approach through all three units. National 4 Maths Teacher's Book, Answers and Assessment provides detailed answers to all questions contained in National 4 Maths, a book specifically written to meet the requirements of the SQA Mathematics Course, which provides full coverage of the specifications of the SQA Mathematics (National 4) Course. This teacher's book also includes a bank of Added Value Unit Assessment Tests, which meet the Evidence Requirements for students to demonstrate skills acquired in the Course. Having such a bank of tests will save teachers having to write their own tests, and re-tests, and allow them to concentrate on delivering the Course. To further aid teachers, there are record-keeping suggestions that can be used to record evidence of, manage and monitor the progress of students.

Written by trusted experts, this book includes all the best bits teachers love about 'Maths in Action', now tailored to pupils of all ability who are studying for this qualification, and supports the new assessment requirements.

This book can help your child by providing a whole year of ready to go activities and support on key Mathematics topics which will be being taught in school from 2014. Did you know that children in Year 3 now need to; add and subtract using column addition/subtraction; add and subtract fractions; tell the time to the nearest minute including using Roman numerals from I to XIII? * Workbooks for home learning * Linked directly to what your children will be learning in school * A linked website provides additional activities, answers and support for parents * Developed by teachers to ensure the best possible support for the new 2014 National Curriculum.

Level: KS2 Subject: Maths When it comes to getting the best results, practice really does make perfect! Matched to the National Curriculum, this Collins Maths Year 4 workbook is designed to target every Maths Year 4 topic in depth. Using a repeated practice method that is proven to work, this book improves performance in tests and assessments. Questions for each topic are organised into three levels of increasing difficulty while progress tests throughout check pupil's understanding along the way. Children can record their own results too, supporting awareness and boosting confidence. A handy pull-out answer section is also included to ensure every pupil is prepared ahead of their 2019 Maths Year 4 curriculum tests. For the Year 5 Maths SATs, we've got another Collins KS2 Targeted Practice Workbook (9780008201715) available as well.

Bring biology to life with this exciting new resource for S1-S3 classrooms! * Provides in-depth coverage of Third Level and Fourth Level as well as National 3 and National 4 * Keep mixed level teaching simple with a single Student Book per subject * Different levels clearly labelled for ease of use, especially helpful when working with mixed level groups * One textbook per science will cover your teaching needs for three years * Interesting and rich classroom activity and homework ideas tied to CIE that will give pupils a sense of progress and excitement * Plenty of assessment exercises referenced to the relevant qualification

KS2 Maths Targeted Question Book – Year 4

– Packed with hundreds of practice questions to develop mathematical skills - Together, Books 1 and 2 cover the entire National 4 course - Contains 3 revision chapters covering Numeracy, Expressions and Formulae, and Relationships - Every chapter ends with 'What Have I Learned?' exercises for revision and assessment - Review exercises between each chapter enable students to revisit topics from Book 1 - Plenty of non-calculator exercises are included to enhance numeracy skills - Answers for all questions are in the back of the book; answers for 'What Have I Learned?' are available online
